 Breakdown by Items Sold  
 Include Costs (80 column printers)  
 Include Item Desc  
 Show ISBN (Third Item Number rather than Primary Item Number)

Report: Display Print  
Exit

The Detailed Daily Report is the primary sales reporting tool in Extreme POS. In spite of the name, it may be set for any time range – be it half an hour or the last five years. However, it does default to midnight to midnight of the current day.

There are a number of options that may be used with the DDR. In addition to date and times, you may select which cashier and/or which station to run the report for. You may also display additional information, such as payment type, new vs. used, and department sales. A sample of the first page of the DDR is shown on the next page.

The DDR is accessed through the Reports -> General menu.

## Inventory List

The screenshot shows a window titled "Reports" with two tabs: "Inventory" (selected) and "Sales". The "Inventory" tab contains the following configuration options:

- Group Inventory By:** A dropdown menu set to "New".
- Sort Inventory by:** A dropdown menu set to "Category".
- Show Inactive Items:** An unchecked checkbox.
- Show Only Positive Quantities:** A checked checkbox.
- Show Only Non-Zero Quantities:** An unchecked checkbox.
- Show Only Items Where Cost is not Zero:** An unchecked checkbox.

At the bottom of the window, there are two buttons: "Show Report" and "Exit".

The Inventory List report shows a listing of your inventory file. You may limit what is shown via some options.

**New/Used:** Select whether new or used quantities and prices are shown.

**Group Inventory By:** Whether to display items together by Category or by Department.

**Sort Inventory By:** Whether to sort the items within groups by name, number, or description.

**Show Inactive Items:** Unless this is checked, items marked inactive in inventory maintenance will not be shown.

**Show Only Positive Quantities:** If this is checked, only items with an in stock quantity greater than zero will be shown.

**Show Only Non-Zero Quantities:** If this is checked, only items with an in stock quantity greater than or less than zero will be shown.

**Show Only Items Where Cost is not Zero:** If this is checked, only items with a cost not equal to zero will be shown.

## Special Orders / Preorders Report

The screenshot shows a dialog box titled "Special Order Reports". It features two radio buttons for grouping: "Group by Item" (selected) and "Group by Customer". A "Filter" section includes a checkbox for "Item Number" and a text input field. On the right side, there are two sections of checkboxes: "Show Orders with Status:" with "Open" checked, "Filled", and "Cancelled"; and "Show" with "Special Orders" and "Pre-Orders" checked. At the bottom, there are "OK" and "Exit" buttons.

This report will show you outstanding special orders / preorders within your system. It can be limited to orders of a specific item or by a specific customer, or a number of other filters may be applied to it.

First, it may either be grouped by item or by person. Based on this, you can then filter for a specific item number, a specific customer number, or the current customer.

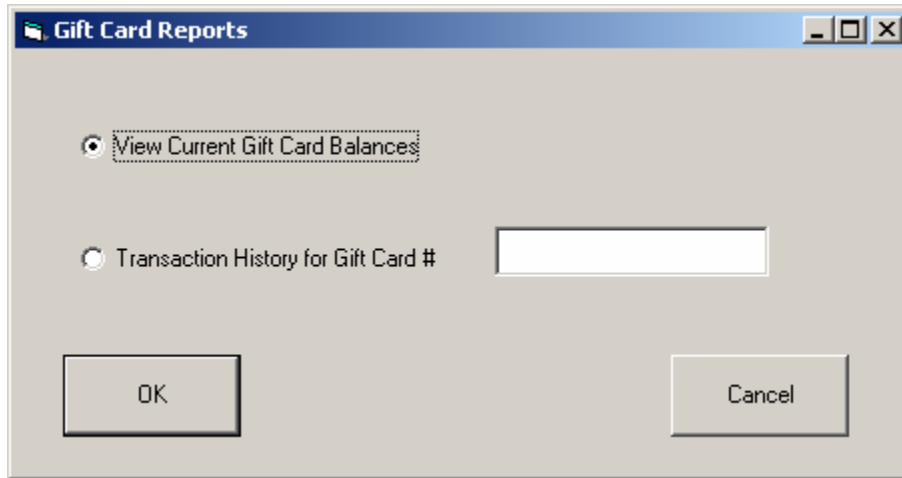

You may also filter whether you see open, filled, and cancelled orders, as well as showing special orders or pre-orders.

### Special Orders / Pre-Orders

7/28/2008

ID	Preorder	Date Time	Cust Num	Item Num	Item Name	In_Stock

1.00	O		\$50.00	\$6.00		0.00

## Gift Card Reports

These reports allow you to view the current status of gift cards in the system. It's really two reports – the current balances of all cards, or the full transaction history for an individual card.

Preview

**Gift Card History** 7/28/2008

Show Report Done

These reports can do basic analysis of the sales from your store. You may do them for a date range with graphs for department, category, hour, and vendor.

Alternatively you may do a detailed sales report on a specific department, sorting by category, item name, or item description.

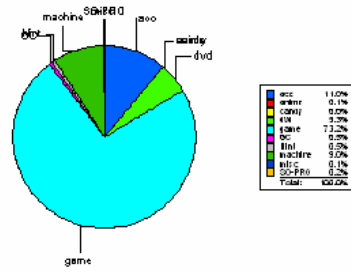

### Total Sales by Department

### Percentage of Gross Sales by Department

### Percentage of Profit by Department

Dept ID	Dept Name	# of Items Sold	Gross Sales	Avg Price	Cost	Profit

## Rental Reports

These reports will give you the status of various rental items in the store. Late Rentals will show items that are rented and have passed their due date. Currently Rented will show items that are rented out at the moment. Rentals In Store will show items that are currently in the store and available to be rented. Rental History allows you to select an item and view the history of when it has been rented. Rental Transactions gives you a transaction log for rentals, sorted by customer or item name or number.
